endocytic vesicle
secretory granule membrane
endocytic vesicle membrane
ER to Golgi transport vesicle membrane
side of membrane
phagocytic vesicle
tertiary granule membrane
phagocytic vesicle membrane
secretory granule lumen
cytoplasmic vesicle lumen
vesicle lumen
endocytic vesicle
external side of plasma membrane
side of membrane
clathrin−coated endocytic vesicle membrane
ficolin−1−rich granule
coated vesicle membrane
clathrin−coated endocytic vesicle
specific granule
lumenal side of endoplasmic reticulum membrane
lumenal side of membrane
specific granule membrane
coated vesicle
late endosome membrane
clathrin−coated vesicle membrane
tertiary granule
COPII−coated ER to Golgi transport vesicle
ficolin−1−rich granule membrane
specific granule lumen
tertiary granule lumen
transport vesicle membrane
late endosome
clathrin−coated vesicle
cytoplasmic side of membrane
cytoplasmic side of plasma membrane
MHC protein complex
MHC class II protein complex
MHC protein complex
lysosomal membrane
vacuolar membrane
lytic vacuole membrane
azurophil granule
primary lysosome
lytic vacuole membrane
azurophil granule lumen
endolysosome
axon cytoplasm
axon cytoplasm
neuron projection cytoplasm
dendrite cytoplasm
microtubule associated complex
microtubule associated complex
spindle
spindle
membrane raft
chromosome, telomeric region
site of DNA damage
phagocytic cup
immunological synapse
NADPH oxidase complex
plasma membrane protein complex
plasma membrane signaling receptor complex
canonical inflammasome complex
trans−Golgi network membrane
